

Ring Size

How to Determine Your Ring Size...

- Print this document at 100% size. Please make sure the options to fit or shrink to page are not selected in your print window.
- Place a ring that fits you on the circles below. This measurement refers to the inside diameter (in mm) of our ring.
- For proper fit make sure that the black circle is visible within your ring.
- That will be your ring size.
- To double-check, place your ring on the next larger size and you should not see the entire black circle.
